MEMORANDUM FOR: Chief, PIC

SUBJECT: Interpretation Keys on Africa

REFERENCE: Our meeting on above subject in 1114 M Building,
24 May 1960

1. In accordance with your suggestion at the close of reference meeting, we have coordinated the proposed African photo interpretation keys project with DD/P, ICA, and the Department of State.
2. None of the three organizations feels that the nature of its activities in Africa warrants establishment of a priority schedule for photo interpretation keys. D/GG will continue to stand ready to suggest priorities that in its judgment reflect the general needs of the intelligence community.
